| *10th- CBSE - **CGPA** - **8.4*** | *April 2016 – March 2017* |

## PROJECTS

**Brandbeet Website**                 *HTML,CSS,JAVASCRIPT*                 Source Code

- Designed and developed a clean and modern website using **HTML, CSS, and JavaScript**
- Optimized website for **speed and user experience**

**Animated Website**                 *HTML,CSS,JAVASCRIPT,GSAP*                 Source Code

- **Interactive Animations** Using the GSAP library, you've created smooth and engaging animations that take the user experience to the next level. As users scroll, elements dynamically move and transform, creating a lively and interactive environment.
- With HTML and CSS, the website is fully responsive, ensuring flawless performance across all screen sizes. **Responsive Design**

**Resturant Website**                 *HTML,CSS,JAVASCRIPT*                 Source Code

- **Interactive Website** I have created smooth and engaging animations that take the user experience to the next level. As users scroll, elements dynamically move and transform, creating a lively and interactive environment.
- With HTML and CSS, the website is fully responsive, ensuring flawless performance across all screen sizes. The animations are also equally impactful on mobile and tablet screens. **Responsive Design**

**Blog Website**          *HTML,Tailwind,Node.js, Express,CRUD Operation,Image Kit,Authentication*          Source Code

- A **CRUD application** exposed using a RESTful API made with Node.js
- Exposed POST, GET, PATCH and DELETE HTTP methods using **Express**

## INTERSHIP

**OASIS INFOBYTE**                 *Web Development*                 Source Code

- A  Develop web applications that function effectively across various devices and screen sizes, ensuring a consistent user experience.

## CERTIFICATIONS

- HTML, CSS – Great Learning
- Machine Learning – AWS Acedemy
- Mern Full Stack Developer
